Please, yes, do
continue your classical
music program on
Sunday morning!

A more pleasant surprise
than being greeted by
Benjamin Britten when,
without much hope,

searching for something
to warm up the dreary
morning, can hardly be
imagined .

Sincerely ,

Gisela Vieira da Cruz
graduate student

p.s. Let me also comment on
the general high standards of
your programming this year as
compared with 1961/62 . keep it up!
